

Custom Selway Fisher Edwardian 26

Make:	Custom	Hull Material:	Wood
Model:	Selway Fisher Edwardian 26	Draft:	0.61 m
Length:	8.05 m	Number of Engines:	1
Price:	GBP 11,995	Fuel Type:	Diesel
Year:	2019		
Condition:	New		

Description

If you have wanted to build your own boat but could never find the time, here is an opportunity to finish off this part completed launch and make it your own. This Edwardian launch has been lovingly constructed from plans supplied by Selway Fisher for inland waterways cruising, with either steam, electric or diesel engine propulsion.

She is an elegant craft with a pleasing profile. The etched windows are an attractive feature.

The hull is built using wooden strip planking sheathed in fiberglass resin for increased protection. Selway Fisher describe the hull shape as round bilge a fantail stern and a moderate schooner bow.

The boat is part completed and is offered for sale for the new owner to complete with only final detailing and upholstery required. Decking and locker covers for the foredeck are all provided.

There is an unused 20hp Beta marine diesel engine ready to be installed, alternatively the plans will accommodate steam or electric propulsion should this be the preference of the buyer. The Beta engine is as supplied, new and unused and it is an indirect cooled BD722 model with a PRM gearbox, control panel and alternator. The boat can be purchased without the engine if wished.

As can be seen in the photographs, the major works required have been completed with final finishing only required apart from the installation and commissioning of the engine.

The vessel has been stored outside under a fitted weather proof cover and is consequently totally dry inside.

A sturdy braked 4 wheel trailer comes with the boat. The wheels and tyres have been placed in storage for protection and can be fitted for transport.

The interior of the launch is light and bright due to the attractive windows. It has 6 ft of headroom. It provides two settees which offer seating or berths. There is a galley and a heads compartment with a washbasin fitted and a chemical toilet provided, still in box.

The galley has a stainless steel sink with draining board and a four burner gas hob.

Measurements

LOA:	8.05 m	Number of single berths:	2
Beam:	2.08 m	Number of Heads:	1
Min. Draft:	0.61 m		
Max Draft:	0.61 m		
Cabin Headroom:	1.82 m
